

ISCCGF - ZAGREB 2023

INTERNATIONAL SCIENTIFIC CONFERENCE ON CONTEMPORARY GLASS FACADES - ZAGREB 2023

DEAR COLLEAGUES,

We are honored to invite you on behalf of the Faculty of Architecture, University of Zagreb to the “International Scientific Conference on Contemporary Glass Facades”, to be held in Zagreb, 23 May 2023.

The Conference will focus on a broad range of topics related to new trends in architecture in relation to glass facades. [The International Scientific Conference on Contemporary Glass Facades \(ISCCGF - Zagreb 2023\)](#), aims to bring together experts from several institutions such as universities, administrative organizations, architects, engineers, designers, scientists and physicists, at the framework of conference topics of building, architecture, technology, design, construction, energy efficiency, future of glass building facades, etc. The Conference organizers invite papers and presentation proposals relevant to conference themes. Considering the theme of the conference, papers with any of the following or related subjects would be appropriate for presentation: Design and Analysis of Glass Facades, Technologies and Construction of Glass Facades, Energy efficiency and sustainability of Glass Facades, and Future Trends and Opportunities for Glass Facades.

Authors are kindly invited to submit their original work. Accepted papers will be published in the Conference Proceedings, and selected speakers with best suitable papers will be inquired to submit their expanded papers free of APC for processing in journal [PROSTOR](#) (indexed in Web of Science Core Collection and other relevant indexing data-bases).

There is **no participation fee** for attendees as well as **no APC** (article processing charge) for authors.

IMPORTANT DATES:

Conference: 23 May 2023

Registration deadline: before 23 April 2023 or participant number limit is reached

Abstract submission deadline: 27 January 2023

Full paper submission deadline: 17 March 2023

Revised paper submission deadline: 07 April 2023

All additional information can be found on [The Conference Web Page](#).

Sincerely,

Conference Organizing Committee

Konferencija je financirana iz projekta: Razvoj dvostruke fasade s hermetički zatvorenom šupljinom (H-CCF) koji sufinancira Europska unija iz Europskog fonda za Regionalni razvoj.
Conference is funded by the research project: [Development of a Double Facade with Hermetically Sealed Cavity H-CCF](#) co-funded by the European Regional Development Fund.
